

# How to Contribute to Open Source Projects or to Communities

Evaggelos Balaskas

< ebalaskas AT ebalaskas DOT gr >

fosscomm 2010

# Why is important

- Open Source
  - Open Standards
  - Open Philosophy
  - Free Vs OpenSource
- 
- security
  - flexibility (you have the code!)
  - release cycle - bugs - features
  - cheaper (there is a cost)
  - licenses / patents
  - i use/need/wrote an opensource project. What next?

# Find something you like

- Distribution
- Project
- Community
- LUG
- Group or independent
